Freedom

A journey inside...

Dawn breaks, and I wake up between the sun and the sand, I realize that I am not alone, the wind embraces me and the sea surrounds me, that is when I begin to enjoy my company, to connect with my inner self and enjoy the present.

Curiosity invades me, I start walking and I find plants with exquisite fruits, vibrant and striking colors that make my heart happy.

I enter the room, take a refreshing bath, and go out to enjoy a good dinner, each food is unique with flavors that touch my soul.

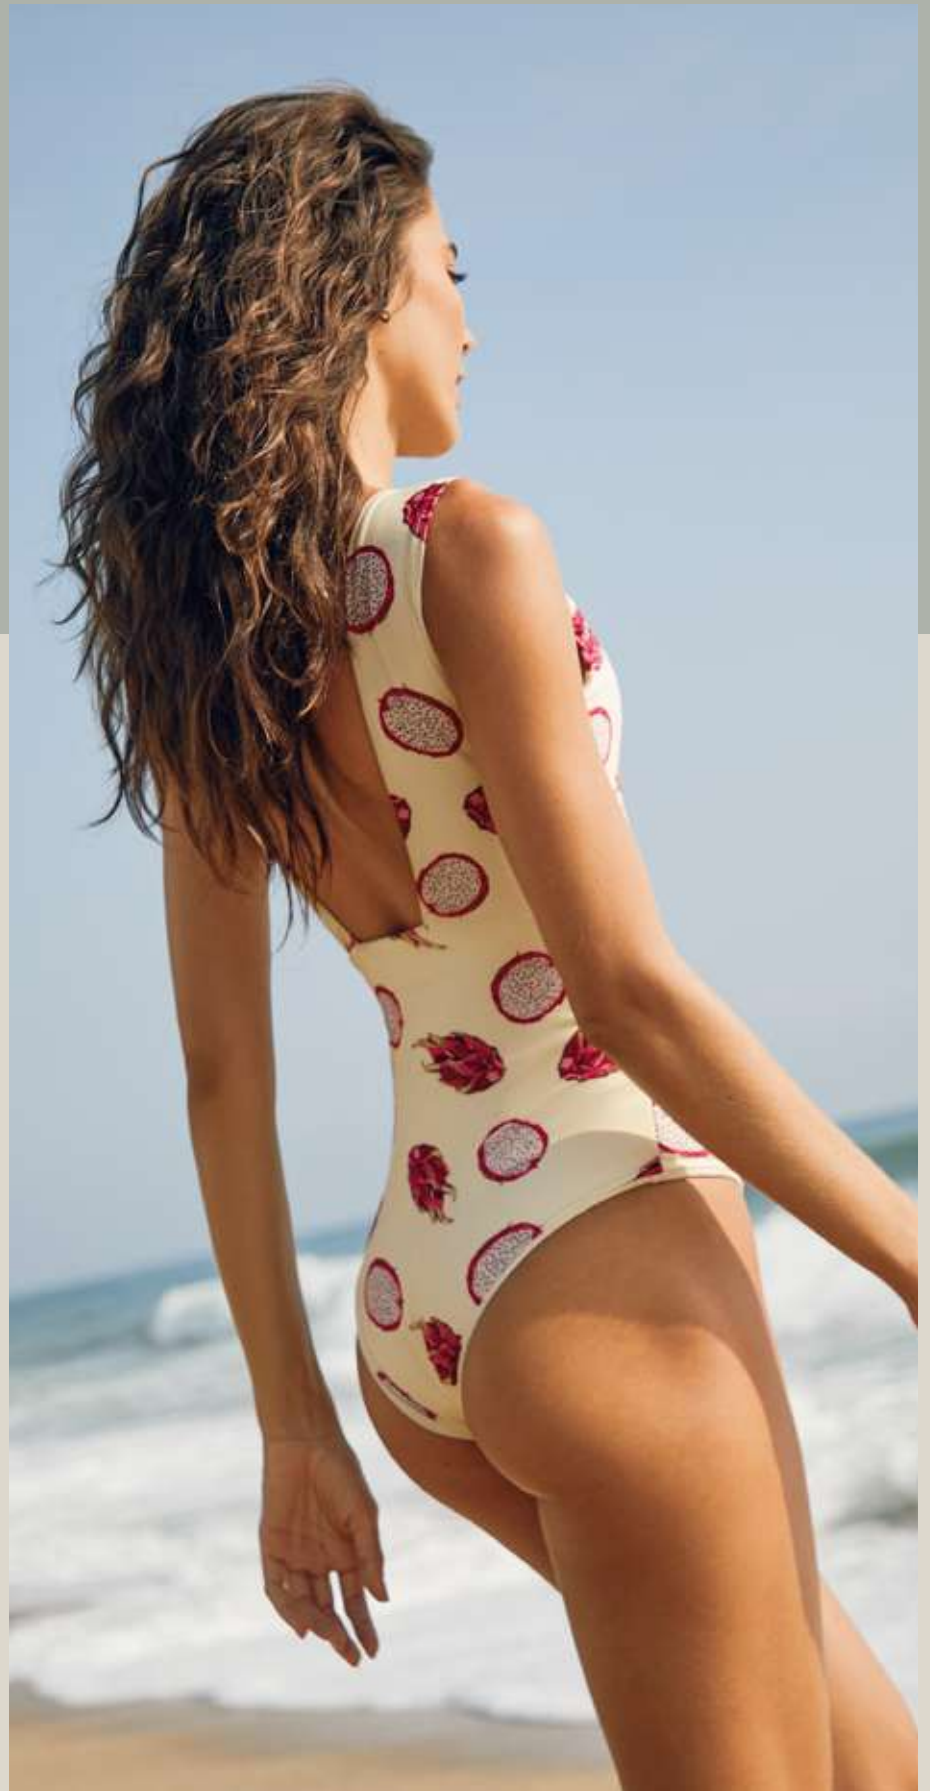

I sit in silence, only with the sound of the waves that fills me with calm, while I read my favorite book and see the magic of a sunset, I finally go to sleep when the sky and the sea become one.

*Dulzamara More Eco
more life*

At Dulzamara, we are fully focused on the planet. We are sure that all small actions can help transform the world.

It's time to focus on nature and everything it has given to us.

We are conscious that there is only one planet earth and we have to take care of it, this is why we work daily to reduce our environmental footprint.

The recycled fabrics, ecological processes, labels and protectors based on sugar cane, natural fibre cases, packaging made of corn, reuse of leftover fabrics, waste recycling, and organizational awareness are some of the initiatives we are promoting for a better world.
